

ITERATION 2 (second half)

Add view and update button for resident table.

EDUCATION

Thresholds

FOR 3-24 YEARS OLD			
Q11 HIGHEST LEVEL OF EDUCATION COMPLETED	Q12 CURRENTLY ENROLLED	Q13 SCHOOL LEVEL	Q14 PLACE OF SCHOOL
What is the highest level of education completed by ___?	Is ___ currently enrolled?	What type of school is ___ on?	In what barangay and city/municipality is ___ currently attending school?

Lookup tables (**NO NEED TO CREATE UI**)

- 1. highest_lvl_of_educ - values are already defined
- 2. current_enrollment_status - values are already defined
- 3. school_lvl - values are already defined

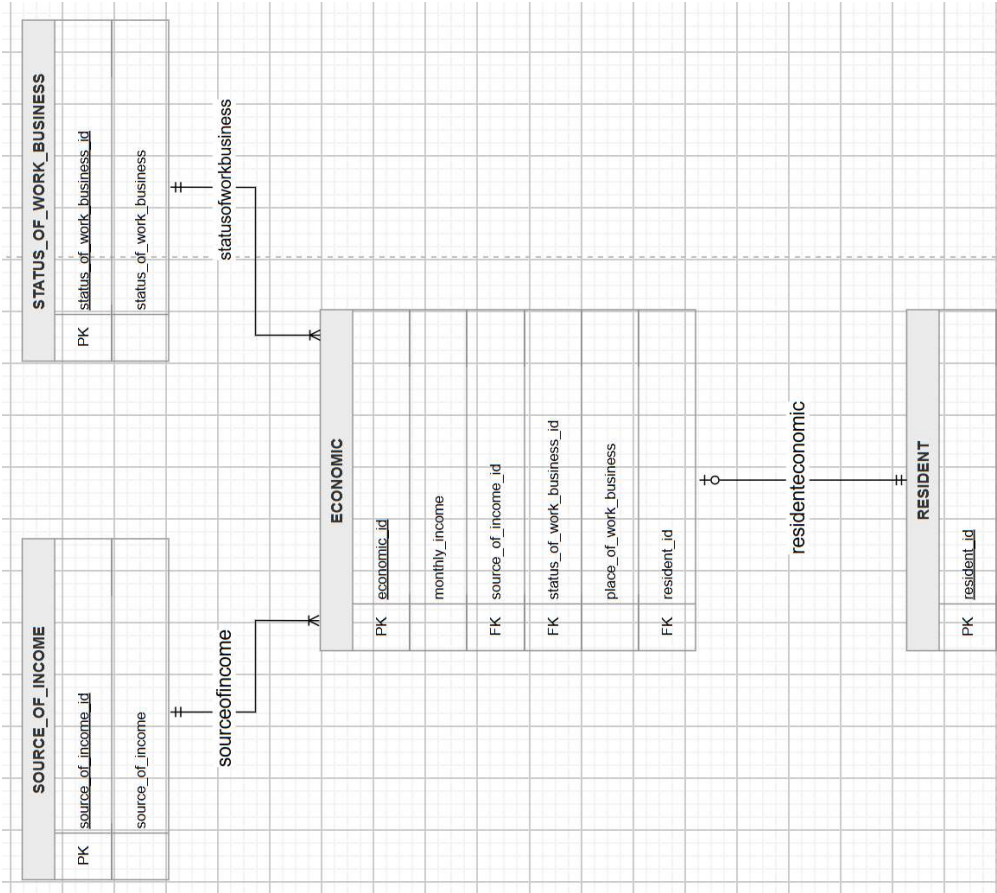

Validations

- If current enrollment status is no, skip Q13-Q14 (null, if it is an id -> 0)
- Standardize place of school before saving to database.

Actions

- View - Encoder (E) and Admin (A)
- Create - EA
- Update - EA

ECONOMIC

Thresholds

B. ECONOMIC ACTIVITY			
FOR 15 YEARS OLD AND ABOVE			
Q15 MONTHLY INCOME	Q16 SOURCE OF INCOME	Q17 STATUS OF WORK/ BUSINESS	Q18 PLACE OF WORK/ BUSINESS
How much is _____'s monthly income?	What is the major source of _____'s income?	What is the status of _____'s work/ business?	In what barangay and city/ municipality is _____'s work/ business located?

Lookup tables (**NO NEED TO CREATE UI**)

1. source_of_income - values are already defined
2. status_of_work_business - values are already defined

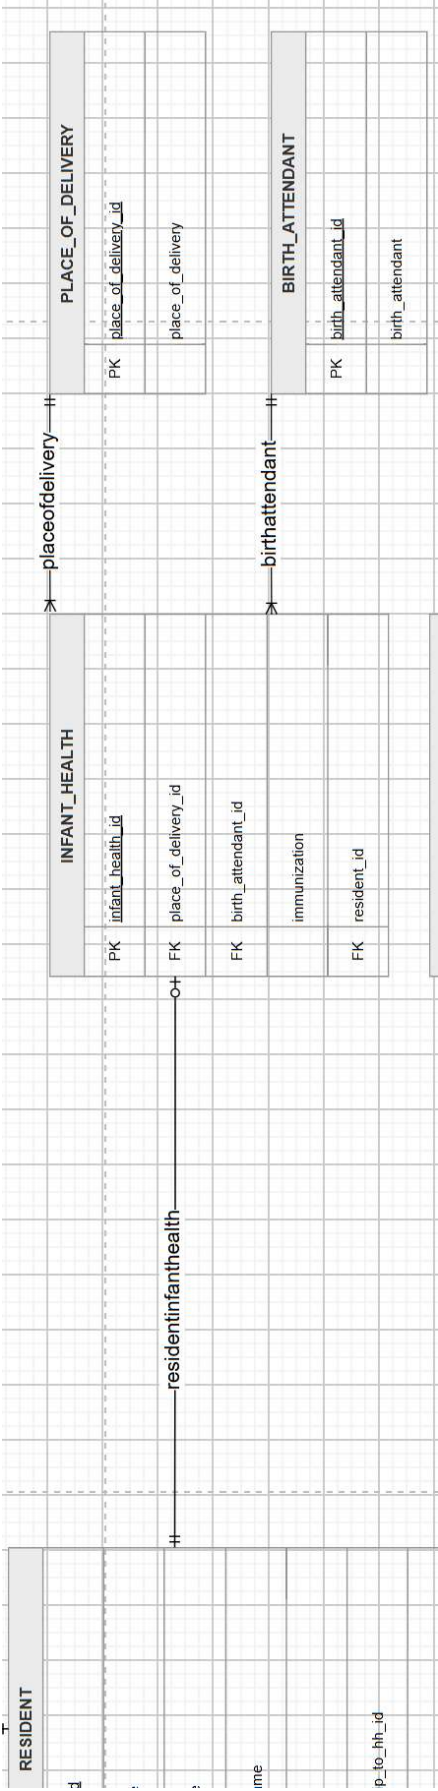

Validations

- Number input only for monthly income
- Standardize place of work/business before saving to database.
- Q16-Q18 can be null (no input, if it is an id -> 0)

Actions

- View - EA

- Update - EA

HEALTH - Infant

Thresholds

FOR 0 TO 11 MONTHS OLD		
Q19 PLACE OF DELIVERY	Q20. BIRTH ATTENDANT	Q21 IMMUNIZA- TION
Where was delivered?	Who attended in the delivery of ?	What is the last vaccine received by ?

Lookup Tables (**NO NEED TO CREATE UI**)

- 1. place_of_delivery - values are already defined
- 2. birth_attendant - values are already defined

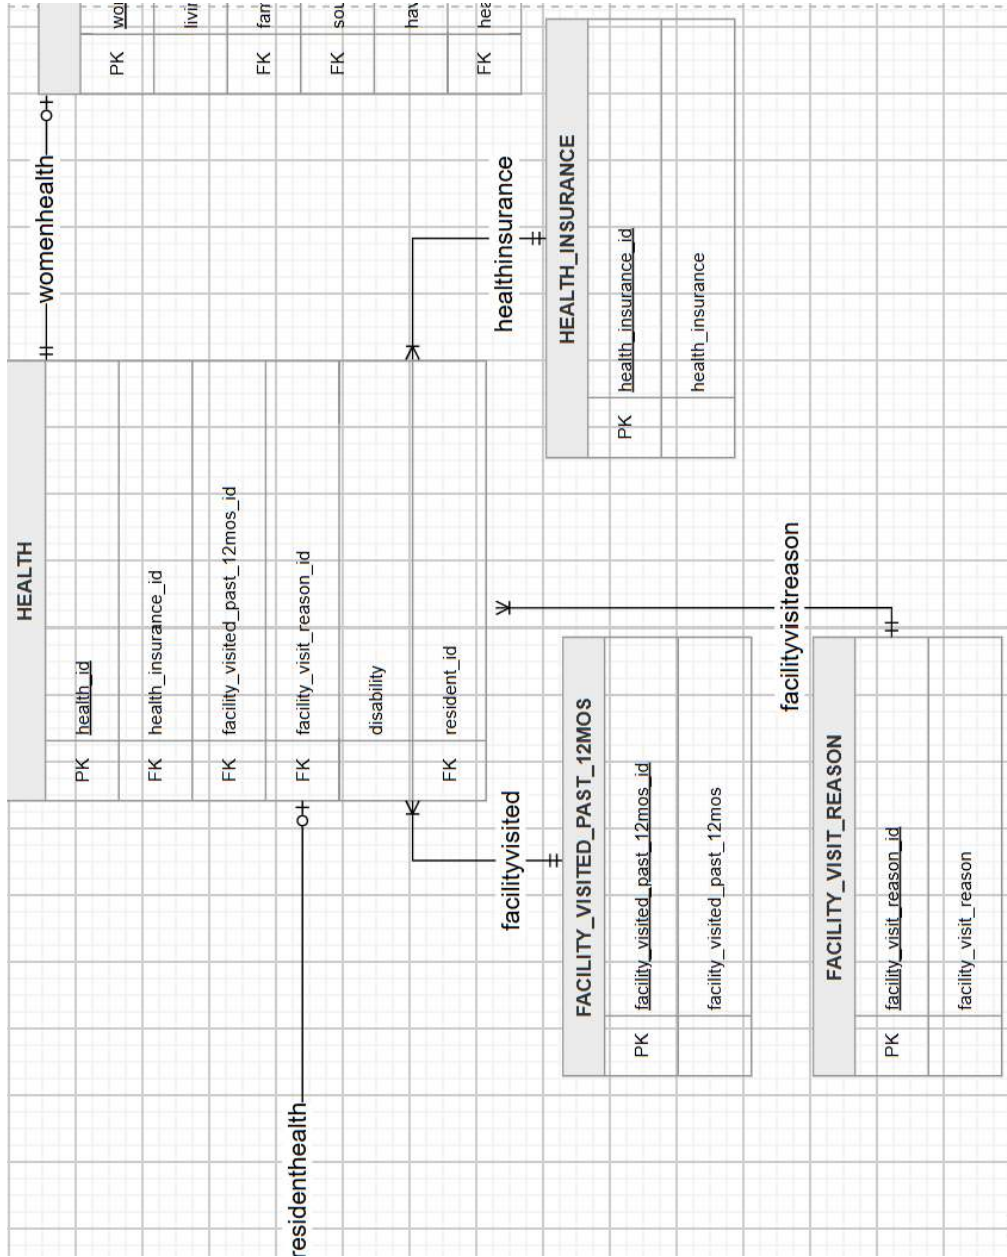

Validations

- Standardize immunization before saving to database.

Actions

- View - EA
- Create - EA
- Update - EA

HEALTH - For All

Thresholds

FOR ALL HOUSEHOLD MEMBERS			
Q26 HEALTH INSURANCE	Q27 FACILITY VISITED IN PAST 12 MONTHS	Q28 REASON FOR VISIT IN HEALTH FACILITY	Q29 DISABILITY
What is the primary health insurance ____ have?	What facility did ____ visited in the past 12 months?	What is the reason for the visit in health facility?	Is there a member of the HH that has any disability? What is the disability?

Lookup Tables (**NO NEED TO CREATE UI**)

- 1. health_insurance - values are already defined
- 2. facility_visited_past_12mos - values are already defined
- 3. facility_visit_reason - values are already defined

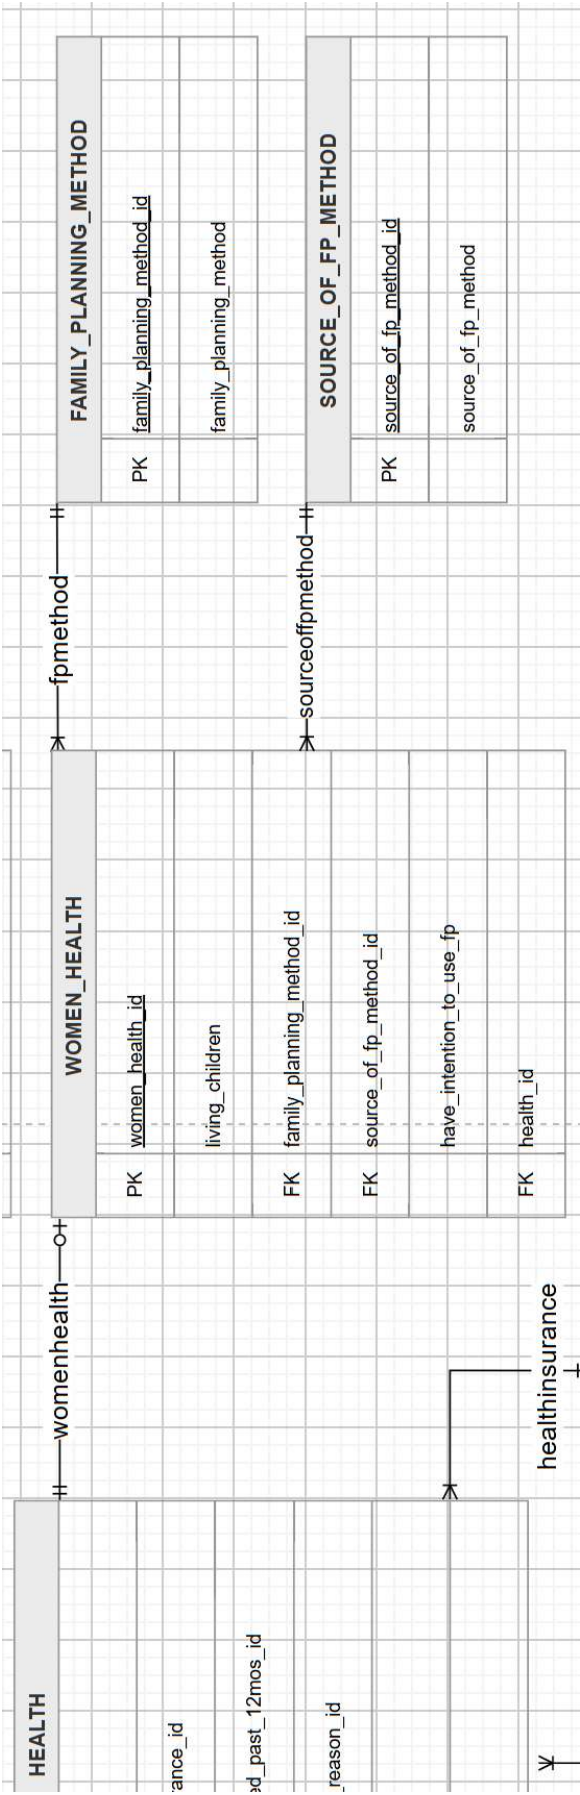

Validations

- Standardize disability before saving to database.
- Q26-Q29 can be null (no input, if it is an id -> 0)
